FACULTY POSITION
Department of Mechanical Engineering
University of California, Riverside
Bourns College of Engineering

The Department of Mechanical Engineering at the University of California, Riverside invites applications for a tenure-track faculty position beginning the 2013/14 academic year. Preference will be given to candidates with expertise in robotics, controls, and/or cyber-physical systems, and applications including, but not limited to medical robotics, rehabilitative systems, autonomous robotics, small-scale robotics, human-machine systems, robotic exoskeletons & prostheses, and soft robotics. However, exceptional candidates in all areas of mechanical engineering will be considered. A Ph.D. in Mechanical Engineering (or a closely related field) is required at the time of employment. While the department is primarily seeking to hire at the Assistant Professor level, exceptional senior candidates may also be considered. Salary will be competitive and commensurate with qualifications and experience.

Full consideration will be given to applications received by January 1, 2013. The search will continue until the position is filled. Inquiries should be directed to mesearch@engr.ucr.edu. Application materials can be found at http://www.engr.ucr.edu/facultysearch/.

The University of California, Riverside is an Equal Opportunity/Affirmative Action Employer.
